Presidents Message

At our last meeting, for the first time, we had a speaker. While I have had many offers from numerous groups wanting to “pitch” our members, I have always declined. However, in hopes of discovering some valuable information about the secrets of the Classic about the secrets of the Classic Car insurance business, I took a chance.

Tom, from a national insurance company, provided what he claims is “insiders information”. Other than a slightly longer presentation than I anticipated, the time spent turned out to have two benefits. First, the lecture did provide many “secrets”. There were numerous insurance caveats that many of us were unaware of. Agreed value / proper parts replacement / proper paint replacement, lacquer paint vs 3 stage, etc.

For me, the most important and valuable information surfaced toward the end of the presentation. In the beginning, Tom told us about his business and the fact that he travels around the country talking with Car Clubs in every state in the Country. Many of you probably glossed over the part when he told us how astonished and amazed he was with our club! First, he said that he has not seen a Car Club this size with as many active members. And second he was overwhelmed that we all wore club shirts, indicating that we took pride in being a part of our club. He commented that he had never attended a meeting like ours where everyone got along and had a good time with no tension or arguments.

Hearing his accolades I was filled with pride. I looked around the room and could see the smiles and nodding of heads in agreement. We have the BEST people, which stands to reason that we would have the BEST club.

Mary and I are truly blessed being a part of Peace River Car Club. All of the success and outstanding reputation that we have in South West Florida is totally a result of the efforts of each of you. Thank you, *Craig & Mary Henry*
