## Presidents Message

### ENOUGH ALREADY!

Recently it seems that each time I read the newspaper or turn on the TV I relinquish control of my life. For fear of "offending" the 'feelings' of newspaper owners and TV owners, I do still watch TV and somehow, can't eat breakfast without reading the paper.

However, for the past 3 years and 3 months, a steady diet of constant negativity has finally worn me down. The media, (TV & News) has managed to create a society where we must take sides. And be so passionate about that sides position that anyone that has a different opinion is a racist, bigot, religious zealot, left wing liberal socialist, reactionary right winger, intolerant idiot....to name a few.

Mary and I intentionally raised our children in "the suburbs" of a rural town named Myersville with a population of 800. Where they hopefully would learn perspective. The perfect example of perspective was explained to me by my farmer neighbor, Clint.

One day Clint drove up to our house to tell us one of our horses got out. The hood ornament on his pickup was a full size dead deer. Blood still dripping down the sides of his fenders. Mary's response was....."Ahh that poor deer, they are so beautiful."

Clint pondered her remark and after discharging a spit of tobacco on the ground he slowly responded, "Miss Mary, city folks see a big brown eyed gentle creature, farmers see a destructive animal that is costing them their livelihood. Hunters see enough meat to get them through the winter. You tell me which one is right"?

Take back some control of your life. For the next 9 months use that TV remote and mute all one-sided political ads and "talking heads" on TV news shows. Your life will be less stressed, and I guarantee you will be happier.

**Our Grand Poobah shows how it's done at Zoet's Ice Cream Shop**

**"City Boy" Craig thought just because he had on farmer's bibs that he knew how to start a lawn mower!**

# Dave Lanning's Garage

**Thanks to Dave Lanning for his wonderful tour of his car and memorabilia collection. Each time I go, I see something new to enjoy!**

From the pictures you would think that the roses tasted better than the food! Next year we may have a new surprise location for Valentine's day to show our ladies just how special they are.

# Valentine's at Visani

# Daytona 500 Party

**Patriotism is NOT something our club lacks even when watching TV!**

**Great food, great friends, perfect day. As you can see by the pictures, eating was more fun than watching the race. It was good that the race was postponed until the next day as most of us don't stay out after dark.**

The pictures speak volumes!
