Presidents Message

GIVING THANKS!

I'm thankful that I grew up "back in the days" when I.....

- Didn't have to wear knee pads, shoulder pads and a helmet just to ride my bike. I would have missed out on Mother's healing kisses.
- Was able to skip out of school early without having to jump over a barbed wire fence just to leave campus.
- That in fifth grade I was able to carry a boy scout penknife to school without being arrested and having my picture on the front page listed as a "Possible Terrorist!"
- Thankful at Halloween I was able to enjoy some homemade cookies from a neighbor that I didn't know.
- Thankful that I learned at an early age that breaking the rules resulted in more than just a "time out."
- Thankful that while today it's expected to buy your kid a car when they turn 16, I had the satisfaction of having to work, save money and had pride in owning my first car.
- Grateful that I was free to drive wherever I wanted to. Not like today's kids whose parents can track there every move and speed by their cell phone.
- Being able to go to the movies and pretend to stretch, while slowly putting my arm around a girl without being sued for sexual harassment.
- Thankful that Diane Parker (not her real name!) did not sue me for that first teenage kiss.
- Sharing a root beer float or kissing a girlfriend without the fear of catching some rare STD disease.
- Extremely grateful that I did not have to use a gender-neutral bathroom, just in case I had to pass gas.
- Grateful that I lived in a time when Walter Cronkite, and Edward R. Murrow, (boy that tells you how old I am) gave us the factual news, not someone's prejudiced one sided opinion.

But #1, Thankful that Mary & I have been blessed with Peace River Car Club and so many wonderful friends!

Craig & Mary Henry
